OURE OF INFLAMMATORY RHEUMATISM.
SING SING, Jan. 28, 1867

Br. Branderri:

For some years I have been subject to attacks of inflammatory returnation, which usually come on deery three or four months. My physicians were of the highest reputation. By their advice I took coloherun, citric acid and other celevated remedies, but none relieved me or shortened the attacks, which lasted for weeks at a time. In my last attack conducted to try your famous Pills. I was lying upon my bed at the time, suffering the severest pains in my feet and malks, which no pen can describe.

The first does of six pills was so effective that in a few hours the pains and swelling sensibly abated, and in forty-night hours were all gone, and I was cured and have had no return.

I am respectfully yours, J. D. DUDLEY.

IMPORTANT TESTIMONY.

To Dr. BRANDERTH:—
It gives me pleasure to state the good I have experienced from your pile. Since I commenced their use I have felt in all respects like a new man, and the rhermatism I took them to relieve his entirely disappeared. At first I was prejudiced against them, because their operation was attended with severe griping, but on a further experience I am convinced such pains were only caused by the medicine struggling with and removing certain obstructions in the bowels. I commenced with taking five pills every night on going to bed, and by an increase of one pill every evening ran the quantity up to twelve pills, which number I commenced to take for ten days and then gradually reduced to bre pills at a dose. With the exception of the first there doess I have experienced no p.in or griping, but the operations of the pills are done of the same in the control of the pills for twenty for days and noticed the same. I took the pills for twenty for days and noticed the same is took the pills for twenty for days and noticed the same is took to pills for twenty for the pills in the same property of the pills of the pills for the pills and to the pills of the
